

# **Sage 100 Version 2025**

## **Integrated Solutions Compatibility Matrix**

### **Revised as of July 15, 2025**

The Integrated Solutions Compatibility Matrix is intended to cover all information as of July 15, 2025, regarding Integrated Solutions compatibility with Sage 100 version 2025. Any version not listed should be assumed *incompatible*. If your configuration is not listed, Sage Customer Support cannot provide support for you. All hardware and system requirements must meet or exceed the minimum requirements as indicated in the *Sage 100 Supported Platform Matrix*. Only additional requirements are listed in this matrix.

#### **Notes:**

It is critical that before and during an installation, this document be thoroughly reviewed, along with the *Sage 100 Installation and System Administrator's Guide* and other documents found on the [How to install Sage 100 and locate installation and upgrade information](#).

- Throughout this document, other companies' websites are referenced; the content on those sites can change at any time. Sage has no control over and cannot be responsible for the content of other companies' websites.
- A number of Sage 100 features or integrations require internet access. Some of the more common features or integrations are (not a complete list):
  - Paya Exchange Credit Card Processing
  - Sage Advisor Update
  - Sage Intelligence
  - Sage 100 Payroll (Payroll Tax)
  - Sage Federal and State Tax Reporting (Aatrix)
  - Sage Sales Tax (Avalara)
  - Paperless Office (email)
  - Direct Deposit Service with iSolved
  - Sage Banking Cloud
  - eBusiness Manager
  - Sage 100 Web Services
  - Sage Network
  - Sage Supply Chain Intelligence
- Please check for and apply any available Sage product updates from the Sage Support website at: <https://us-kb.sage.com>. For more information, consult your Sage business partner.
- Integrated product version compatibility indicated in this document does not necessarily imply that the integrated product vendor supports noncurrent versions. Refer to the integrated product vendors website for specific information on their supported versions.
- Consult the integrated products website for the most current information regarding that products compatibility with 64-bit versions of Windows.
- For more information on Sage 100 version support and retirement, see the Supported Versions document located [here](#).

Support for Microsoft Office 2016 ends October 14, 2025. Please refer to [Microsoft Lifecycle Policy](#) for more information.
