# Why use a Multi-Carrier Solution?

**Companies that use multi-carrier shipping software often save up to 20% on shipping costs and save time to focus on other priorities**

- » **Cost Effective** - Compare different carrier rates on 1 platform
- » **Flexible and Adaptable** - Tailor shipping strategy based on your needs
- » **Save Time** - Eliminate the need to log into different platforms
- » **Reduce Risk of Delays or Disruptions** - Easily switch carriers

# Multi-Carrier Strategy

- » Rate shop and ship both parcel and LTL carriers
  - » Live rate shopping at the shipment level
  - » Automated “best way” carrier selection rules
  - » Discounted USPS rates
- » Leverage item-level data to automate labels and docs
  - » International
  - » BOL (Bill of Lading)
  - » HazMat
- » Simplify blind dropshipping
  - » Automatically populate the “sender” information
  - » Unlimited shipping document templates
  - » Print shipping documents with vendors info and logo
- » Robust reporting and emailing tools
  - » Access to detailed shipping information
  - » Unlimited users can run reports and view graphs
  - » Create and send custom shipping email notifications

## Why Move to the Cloud?

- » StarShip is always on the latest version
- » Access to unlimited users and ALL carriers
- » Manage seasonality with different tiered pricing
- » Restrict access to users on certain functions
